

## Homework Activity – Designing a Castle

Your task is to design your own castle that is made up of the features listed below. However, you only have **70 shillings** to spend!

You **must** have a square keep, so that's **20 shillings** spent straight away!

For homework, you must write out your shopping list in your exercise book and then explain why you have chosen the items you have.

Make sure that you state clearly how much you have spent and how much you have left.

Cost	Feature of Castle	Purchased?
20 shillings	Square keep	
15 shillings	Moat	
15 shillings	Spiral Staircase	
10 shillings	Drawbridge	
10 shillings	Dungeon	
5 shillings	Portcullis	
5 shillings	Wall-Walk	
5 shillings	Arrow slits	
5 shillings	Murder holes	

Stick this sheet into your exercise book next to the shopping list you have made once complete.
