

## What problems did William face after the Battle of Hastings

Problem	Source	What was William's solution?	Violent / Non-violent?
<b>Dover Castle</b>	"Then William marched to Dover...The English were stricken with fear and prepared to surrender, but our men <b>set fire to the castle</b> and the greater part of it was destroyed"		
<b>Take control of London</b>	"Earl William was laying waste (attacking) Sussex, Middlesex and Hertfordshire [counties surrounding London] and ceased not in <b>burning villages and slaughtering the inhabitants</b> . He was met by...Londoners of the better sort, who submitted to him"		
<b>Rebellion in the north</b>	"William cut down many in his vengeance; harried the land, and <b>burned homes to ashes</b> . <b>He ordered that all crops, herds and food of every kind be brought together and burned to ashes</b> . As a result of this such a terrible <b>famine</b> fell upon the humble and defenceless people that <b>more than 100,000 Christian folk of both sexes, young and old alike, perished of hunger.</b> "		

**Which of the five problems you stuck down has not been solved?**
